**JOINT INTERNATIONAL AND DOMESTIC APPLICATION  
FOR TRANSFER OF CONTROL**

Pursuant to section 214 of the Communications Act of 1934, as amended (the "Act"), and sections 63.04 and 63.24 of the Commission's rules, this Application seeks Commission approval to transfer control of Global TelData II, LLC ("GTI") to Global TelData, LLC ("GLOBAL TELDATA") (together referred to as "Applicants"). GTI and GLOBAL TELDATA

hold authority to provide domestic and international telecommunications services pursuant to section 214 of the Act.<sup>1</sup>

On May 17, 2006, GTI and GLOBAL TELDATA entered into an Asset Purchase Agreement whereby GLOBAL TELDATA will purchase certain of the telecommunications assets of GTI, including but not limited to certain of GTI's customer accounts (the "Acquisition"). The acquisition will not result in any change in ownership of GTI, but only affects certain of GTI's local and long distance telecommunications accounts. This Application seeks Commission approval of GLOBAL TELDATA's purchase of these assets from GTI.

GTI and GLOBAL TELDATA are providers of domestic, international and local telecommunications services. The proposed transaction will serve the public interest, convenience and necessity. The acquisition will create operating efficiencies which will serve to enhance the overall capacity of GLOBAL TELDATA to compete in the marketplace and to provide telecommunications services for a greater number of consumers at competitive rates. The customers of GTI will benefit from the resources and assets of GLOBAL TELDATA, which will help ensure continuity of service and enhance the ability of GLOBAL TELDATA to offer a broader range of innovative products and services to customers. The proposed transaction, therefore, will strengthen the ability of GLOBAL TELDATA to offer services in competition with other providers. Granting this Application clearly will promote competition in the interexchange and international telecommunications markets and will serve the public interest.

- (j) The Applicants certify that they do not seek authority to provide service to any country described in paragraphs (1) through (4) of section 63.18(j).
- (k) Not applicable.
- (l) Not applicable.
- (m) Not applicable.

## **II ADDITIONAL INFORMATION REQUIRED BY SECTION 63.04**

This Application seeks Commission consent to transfer assets/control of GTI, which holds authority to provide domestic and international telecommunications services pursuant to section 214 of the Act. Pursuant to section 63.04(b) of the Commission's rules, the parties submit the following information in support of this Application in response to items 6 through 12 of section 63.04(a):

- 6) As set forth above, this Application seeks Commission consent to transfer certain telecommunications assets of GTI to GLOBAL TELDATA. As a result of the transfer, GLOBAL TELDATA will continue to operate and provide service

pursuant to its current authority and GTI will continue to provide telecommunications services to its remaining customers.

- 7) GLOBAL TELDATA is authorized to provide interstate and international telecommunications services in all 50 states.
- 8) This Application qualifies for streamlined processing under section 63.03(b)(2)(I) because the transferee will have a market share in the interstate interexchange market of less than 10 percent, the transferee will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the proposed transaction, and no party to this Application is dominant with respect to any service.
- (9) The parties are filing a slamming certification letter with the Commission.
- (10) Only standard streamlined processing of this domestic section 214 transfer of control application is sought pursuant to Section 63.03.
- (11) No waiver requests are being filed in conjunction with the transaction.
- (12) As discussed above, grant of this Application will strengthen GLOBAL TELDATA as the post-transaction company will become a stronger competitor in the marketplace for interstate and international telecommunications services. The customers of GTI will benefit from the company's improved resources and assets, which will help ensure continuity of service and enhance the ability of GLOBAL TELDATA to offer a broader range of innovative products and services to customers. Grant of this Application will promote competition in the interexchange and international telecommunications markets and will serve the public interest.

### III. CONCLUSION

For the foregoing reasons, this Application respectfully requests that the Commission consent to the transfer of assets of GTI to GLOBAL TELDATA.

Respectfully submitted,
